In the center, a bride in a white lace dress is captured in a joyful moment with her arms raised. On the right, a woman in a black outfit is laughing and clapping. The background shows the ornate stone entrance of a building with a large arched doorway and a window with a flower box. Hello! My name is Mark and thank you so much for taking the time to read this guide! I am a wedding photographer based in the beautiful spa town of Harrogate, North Yorkshire.

Firstly, thank you so much for considering me to photograph your special day. I recognise how incredibly treasured your wedding images will be years into the future and as a result, I give every wedding my absolute all and take great pride showing my couples the finished product. Seeing my photographs bring joy to others is truly the most incredible feeling!

I would describe myself as a relaxed, documentary-style photographer. This means that I capture natural, special moments in an unobtrusive manner. I try to bring some fun to the day too, helping you to feel at ease in-front of the camera.

I am also on hand to help with the little things that make a wedding day - from any general wedding planning questions you might have in the build up to the day, through to being super happy to help out where possible on the day itself!

It is truly a huge privilege to be considered to photograph your wedding day. If you would like to find out more, ask any questions or enquire as to my availability, then please get in touch by emailing me or via my website contact form.

ENGAGEMENT SESSIONS

Engagement shoots are a great idea to get used to having your photographs taken before your wedding day. They are also a great chance for us to spend some more time together ahead of the day itself, and can even be doubled up to include a wedding planning meeting over a drink too! As a further bonus, couples often use the photographs on save the date cards and wedding websites.

If you would like to include an engagement shoot, they can be added to your booking for £150, or are complementary with the 'Complete collection'.

CAN WE MEET BEFORE WE BOOK YOU?

I would love to meet you before any booking, either in-person or virtually! I try to ensure all my work is customised to your needs, so I would love to hear more about your wedding plans and build a photography coverage plan that is perfect for you.

CAN WE MEET AFTER WE HAVE BOOKED YOU IN THE LEAD UP TO OUR WEDDING?

Absolutely, I would encourage at least one meet up for a consultation for your day, to ensure our plans are exactly as you would like and to allow you to completely relax on the day itself with all photography plans taken care of. Again, this can be in-person or virtually.

WILL YOU TRAVEL TO OUR WEDDING?

Yes absolutely, whilst I am based in Harrogate (North Yorkshire), I also photograph weddings further afield, such as London. If your wedding is within 50 miles, my travel is included within the fee. If you are based further away than that, then there would be an additional cost to cover my travel. If this applies to you, then I will discuss this with you and quote accordingly prior to booking.

HOW MANY PHOTOS WILL WE GET?

This depends a little on the photography coverage plan you choose, but for a full day coverage you would typically receive 500+ photographs, all carefully edited to the highest standard.

DO YOU RECOMMEND SOME TIME FOR WEDDING PORTRAITS?

This is completely your choice, but my recommendation is to take 20-30 minutes or so as a newly married couple to have a few wedding day portrait shots. This generally involves me taking a few natural photographs whilst you have a moment together. Couples often comment on how much they enjoy taking this brief timeout together and how much they will treasure these beautiful photographs.

FREQUENTLY ASKED QUESTIONS

WILL YOU TAKE FORMAL FAMILY PHOTOGRAPHS?

Yes absolutely, if you would like them. I always recommend we work together in the pre-wedding consultations to get a list of combinations ready for the day to ensure we get through these photographs quickly and you can get back to having fun!

DO YOU HAVE BACKUP EQUIPMENT?

Yes, I have backups of everything including cameras & lenses. My camera equipment also allows me to save your files to two separate memory cards on the day which greatly increases the security of your photographs. As soon as I get home after your wedding day, I further backup your images to 6 locations, including the cloud.

HOW LONG WILL IT TAKE UNTIL WE RECEIVE OUR PHOTOGRAPHS?

You will receive your online gallery within 6-8 weeks of the wedding day. However, you will receive a sneak preview gallery within 48 hours, which will share a couple of shots from your day!

CAN WE PRINT OUR OWN PHOTOS ONCE WE RECEIVE THEM?

Absolutely yes! You have personal printing rights on all photographs provided.

ARE YOU INSURED?

Yes absolutely, I am fully insured with public liability, personal indemnity & equipment insurance.

HOW DO WE BOOK YOU?

If you have decided you would like me to photograph your wedding, I would be extremely honoured. To confirm the booking, I will ask you to sign a contract and a £300 deposit is payable. Once both of these have been received, your date is fully booked!
